

# 2003 Zeagle Product Specifications

## Buoyancy Compensators:

## Tech Pac BC: Standard Features

Tech Pac BC:  
7507RK

The Tech PAC is designed for the diver who wants a system that is simple and versatile, but very tough. It has an integral semi-rigid backplate to help support heavy cylinder systems. The webbing buckle waist-band makes it easy to add battery packs, tools, reels, stage bottles, or other accessories. The Tech PAC does not have an integrated weight system.

- 1050 denier ballistic nylon construction
- Heavily reinforced semi rigid LDPE backplate
- 11" spaced grommets for mounting twin cylinders or backplates
- PFS shoulder sizing
- 65-LB lift Ballistic bladder
- Six 1" stainless steel D-rings on backplate
- Four 2" stainless steel D-rings on shoulders
- Four 2" stainless steel D-rings on Vest
- Single or twin cylinder capability
- Adjustable sternum strap
