

# 2003 Zeagle Product Specifications

## Drysuits:

Expedition GS (Shoulder Entry)  
190-2100

Expedition GS (Front Entry)  
190-1100

## Expedition GS: Standard Features

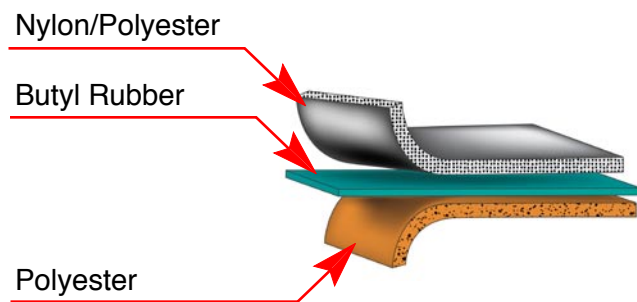

**Zeagle's GS (GatorSkin) Trilaminate** is incredibly rugged, yet supple, light in weight, easy to wear, and quick drying. A layer of Butyl rubber is sandwiched between an inner polyester layer and an extremely durable outer layer of nylon/polyester, creating a composite that is more abrasion resistant than standard nylon trilaminates and has been proven in many years of commercial and military use. All seams are double taped by hand.

- Insulated collar over latex neckseal keeps neck area warm
- Swiveling inlet valve
- Standard 8tpi BDM zipper with protective zipper guard
- Reflective patches on sleeves
- Front Entry GS suits have a flat zippered pocket on the right thigh and a large cargo pocket on the left thigh.
- Double layer material on lower leg and knee.
- Durable boots can be ordered to fit.
- Heavy duty latex seals standard on Men's suits, standard latex on women's suits.
- Suspenders are standard on Front Entry suits
- Automatic exhaust valve
- Standard color is black, blue or orange available.

## Expedition GS: Materials

### About the GS material:

Zeagle's GS (GatorSkin) Trilaminate is incredibly rugged, yet supple, light in weight, easy to wear, and quick drying. A layer of Butyl rubber is sandwiched between an inner polyester layer and an extremely durable outer layer of nylon/polyester, creating a composite that is more abrasion resistant than standard nylon trilaminates and has been proven in many years of commercial and military use. All seams are double taped by hand.
